

# Experiential Education in Financial Literacy Project

## Bank of Thailand Museum, Bangkok

16th March 2019

International Business students Code 59 visited Bank of Thailand Museum in Bangkok on 16th March 2019. This project is an activity of IBP3320 International Financial Management. The objective of this project is for students to gain necessary skills in financial resource management, to attain the understanding of the role of Bank of Thailand, and to encourage students to learn about finance and investment.
